Hon. Edmund S. Muskie Secretary of State 2201 C St. N.W. Washington, D.C.

Dear Mr. Secretary:

I am writing on behalf of Dr. Guy Von Dardel, brother of Raoul Wallenberg, to request your specific and personal involvement in determining the whereabouts of Raoul Wallenberg.

I am sure I do not have to recount his story to you: the actions of this tremendous individual were instrumental in saving the lives of numerous human beings. Thirty-five years after the kidnapping of this Swedish diplomat, while he held a diplomatic post in Budapest, Racul Wallamberg may still be alive in the Soviet Gulag. President Carter himself has brought this issue to the attention of the Soviets on numerous occasions, unfortunately with no positive results thus far.

You are most likely also aware of the ongoing congressional interest in this matter -- the special orders which have been called, and the many letters which have been written. If Raoul is still alive, his fate will depend on the concern and involvement of the highest officials representing the governments of the free world.

It is my hope that you personally share these concerns, and that this concern will be multiplied and ultimately result in the release of Raoul Wallenberg.

I look forward to your reply.

Sincerely,

Robert K. Dornan Member of Congress
